Event Profile

Leipzig Fair and Exhibition Centre is transformed into a huge dog and cat paradise on 24 and 25 August 2013. The family-friendly consumer fair with lots to see and do is perfect for strolling, looking and gathering information. Numerous pet products are available at special fair prices.

Additionally, dealers, breeders, service providers and the media will supply a variety of information at special workshops. For multi-faceted entertainment, visitors need only go to the big show arena in Hall 4 and the various activity areas where daily animal presentations can be seen.

The highlights of the event are the exciting pedigree-dog competition with around 5,000 dogs from all over the world and the international pedigree cat show of the 'Felidae' cat club at which up to 200 cats will be shown and judged daily.
