Event Profile

As the only trade fair for the entire out-of-home market in the new federal states, ISS GUT! addresses the hospitality industry and craft food producers.

On the supply side, the Marketplace for Regional Products services the industry's constantly growing interest in indigenous products and is focused on regional producers. Other highlights include the specialist conference on Catering for Child Day Care Centres and Schools, the "Experience Snacks" forum, and the "Trendy Drinks Hot Spot". The special show "Tafel Gut!" presents high-end dining culture from Central German manufacturers. The "First Central German Bratwurst Cup" was staged for the first time at ISS GUT! in 2017.

ISS GUT!'s target group embraces restaurateurs, hoteliers and providers of community catering, the craft food industry with bakers, pastry chefs and butchers, as well as retailers, wholesalers and planners.
