Event Profile

The 19th modell-hobby-spiel trade fair takes place in 2014. No other convention in Europe so ideally unites the model building, creative arts and play industries under one roof: With 106,200 visitors over the four days of the fair in 2013, modell-hobby-spiel is one of the most popular events of its type and also one of the most successful trade fairs on the Leipzig Trade Fair calendar. Numerous market leaders present their new autumn products and services at the fair. Some of the most popular features include the variety of national and international model railways and exciting demonstrations of model cars, trucks, ships and flight models of any kind. modell-hobby-spiel also presents Germany's largest airbrushing exhibition and a wealth of creative arts live studios. Additionally, numerous play and tournament areas welcome visitors to try out the latest board and party games. In 2013, the models-hobbies-games has first included the topic geocaching in their range.
