

International Trade Fair for Environmental Technologies and Services

Organisers

- Leipziger Messe GmbH

Patron (2013)

- Bundesministerium für Umwelt, Naturschutz und Reaktorsicherheit (BMU)

Supporting Organisations (2013)

- BDZ – Bildungs- und Demonstrationszentrum für dezentrale Abwasserbehandlung e.V.
- DGAW – Deutsche Gesellschaft für Abfallwirtschaft e.V.
- Landesverband der Recyclingwirtschaft Sachsen e.V.

Dates

- 27 – 29.01.2015

Results 2013

- Exhibitors: 222
- Visitors: 10,680
- Industry attendees: 94%
- Gross floor space: 10,000 m²

Product Segments

- Water / Waste water and sewage
 - Focus on future-proof sewage treatments
- Waste / Recycling / Recyclables
 - Modern sorting and processing technology
 - Waste disposal technology, composting
 - Generating energy from waste, recycling of raw materials, secondary raw materials
 - Modern waste disposal concepts
 - Vehicle technology
- Conserving / revitalising the soil
- Maintaining clean air
 - in particular filter technologies to reduce levels of fine particulates

- Health and safety in the workplace / avoidance of hazards
- Environmental risks
 - Flood protection (also across borders)
- Renewable raw materials
 - in particular material recovery
- Measurement and control technology, analysis technology and process control engineering

Event Profile

TerraTec is one of the leading environment trade fairs in Germany and the only trade fair in the sales market in eastern Germany. As a trade fair which draws on a number of sectors, it appeals because of the breadth of coverage of water and sewage, waste and recycling, and the maintenance of clean air. TerraTec has established itself, amongst other things, as the sector platform for future-proof sewage systems. A unique feature is its link with enerotec – international trade fair for energy generation, distribution and storage –, which makes Leipzig the display and presentation platform for the entire supply and disposal sector. Decision-makers and practitioners from industry, consulting engineers, planning offices, municipalities, local authorities and special-purpose associations, public and private utility companies make up the core of the trade visitors. Internationally, the enerotec focuses mainly on the markets of Central, Eastern and Southeastern Europe as well as the Commonwealth of Independent States. Terra-Tec is supplemented by a high-calibre and comprehensive program of specialized events and international cooperation exchanges.
